## Point-of-Care Specialist Program

### POINT-OF-CARE SPECIALIST CERTIFICATE PROGRAM

**PROGRAM COURSES**

The program is composed of eight courses which can be completed online in 1- 2 hours each. Each course contains a lecture, required reading, and self assessment and may include case studies, practical exercises, and glossary and resource materials. There are opportunities for interaction with faculty and other participants using the program's dedicated listserv. You'll earn 1-2 continuing education units for each course completed.
