

NJCLMA and

The New Jersey chapter of CLMA is seeking your participation and support for their Spring Seminar, **'Play it Safe!'**, which will take place on **Thursday, March 28, 2019 at Holy Name Medical Center, Teaneck, N. J.** The final agenda should be available very soon but just to give your heads up, a preliminary agenda is attached which subject to change upon speaker's availability.

This 1-day seminar will feature a cross sectional view of the inter-disciplinary teams working towards a common goal of providing quality current laboratory testing. We anticipate attendance of 100-125 laboratory directors, managers, supervisors, and lead techs from all over New Jersey, eastern Pennsylvania and Greater New York.

This seminar is being designed to facilitate your interaction as a sponsor to the key influencers and decision-makers for laboratory products and services. It is a 1-day event with breaks and lunch scheduled to encourage maximum exchange of information between you and your potential customers and other interested attendees. Participants will be strongly encouraged with ample time on the schedule to visit vendor displays. Exhibit space is available for \$500 on a first-come, first-served basis. Please, note that returning vendors will get a discount at \$450. Follow-up information will be communicated once the registration form is completed and returned. Any other support like sponsoring breaks and/or lunch is appreciated. All support will be acknowledged in the registration packet and at the tables.

Counting on your support and look forward to your participation. Please, see attached registration form and instruction for registration.
