SPEAKERS

Jane Smith MS, MT (ASCP) SI, DLM

Jane received her BA in Medical Technology from the University of Tennessee at Knoxville, and received Master's Degrees in Science Education and Environmental Engineering. She worked as an Immunology supervisor for 30 years at the University of Tennessee in Knoxville before joining the Alere Clinical Immunology Group. In 2011 she was one of the founding members of Alere Scientific Affairs where she now serves as a Technical Manager. Jane has been active in volunteering nationwide for CAP inspections. She also has volunteered on CLSI POCT04-A3 (Point of Care IVD Testing) and QMS03 (Training and Competence Assessment) documents. Jane is currently directing a cross functional IQCP team to provide IQCP support materials for Alere products.

Christopher Beaty, BSN, RN, CCRN Director of Perinatal Operations and ECMO Coordinator

Chris has over 10 years of critical care and ECMO experience. He has delivered educational ECMO lectures within the organization as well as in national and international forums. He is the Simulation Director for the Extracorporeal Life Support Organization (ELSO) providing ECLS simulation and lectures around the world.

Marcia L. Zucker, Ph.D.

Marcia Zucker is an independent consultant specializing in all aspects of point of care diagnostics. She completed her bachelor's degree at Rensselaer Polytechnic Institute, Ph.D. at Princeton University and post-doctoral fellowship at Yale University. She lectures both nationally and internationally on point of care applications and maintains affiliations with several professional associations. Marcia is a past-Chair and remains active in the AACC Critical and Point of Care Testing Division, chaired the National Academy of Clinical Biochemists guideline writing committee for point of care coagulation and is a member of the Clinical and Laboratory Standards Institute (CLSI) Expert Panel on Point-of-Care Testing.
